*“I just wanted to say ‘Thanks’ for the experience we had at your hotel a few weeks ago. We were in Linden to visit family, and were glad just to find a room so convenient to their location. What really surprised and delighted us was the first rate quality of the hotel and rooms, and the warm hospitality showed by everyone on your staff. I have stayed in fancy places in big cities, and they don’t have anything on you. We will definitely be back.”*
